[Patricia](#)

{loadposition TAF}

On my weekly search for a fun nail polish, I had to go towards the PINKS. Since shades of pink are the “IT” color, I must comply. So, as I searched through my beloved OPI collections at NEW IMAGE SALON, my eyes locked on a color I hadn’t used yet.

It was just the right color - bright, cheery, eye catching - and it was PINK. So I took my little bottle to Lorena and off we went for the soaking, the clipping, and the massage. After all of that Lorena, from NEW IMAGE SALON, applied that yummy pink by [OPI](#) “ [HOLY PINK PAGODA](#) .”

When the manicure was complete, I donned my rings and watch and, for some reason, the diamonds glittered brighter, the silver seemed to catch and reflect the light better. I guess all is better when you get your [pink](#) on.

Ciao for now.
